FTS - Upcycled Christmas Gifts

Following the success of last year's event, the FTS have decided to do the same thing again this year. Basically unwanted presents can be donated, they will then be collected and saved. During the morning of 1st December, when we will hopefully have lots of gifts, for a donation children will be allowed to choose and wrap Christmas presents for family members. It's a great way of upcycling unwanted gifts that someone else will get pleasure from.

Digital Parenting - Sleeping vs Scrolling - A recent Ofcom study found 70% of young people miss sleep because of online habits. Dr Richard Graham and Dr Elly Hanson explain how to help your children have a healthier night-time routine as they grow older.

5 to 10 years

What are the health benefits of sleep?

Every one of us as a child hated bedtime,

when we had to leave our parents or some exciting event to get the sleep we needed. And we now know, we really do need sleep. Sleep is important for learning and behaviour, growth, and staying happy. A lack of sleep can affect growth, and when a sleep problem is resolved, a growth spurt can occur.

What can you do?

- ☒ Avoid high stimulation activities such as TV, video games or social media for at least an hour before bedtime.
- ☒ Establish a regular evening routine, reading to younger children or encouraging them to read.
- ☒ No caffeine or fizzy drinks during the evening.
- ☒ Listen to relaxing music, and have them take a bath or shower before bed.

Dr Richard Graham is a Consultant Psychiatrist with an expertise in technology addiction.

Mrs Ash is currently looking for a bird feeder hanger and bird feeders to put on it for use around our sensory cabin. If anyone has anything like this at home they no longer use and would like to donate before we buy new that would be appreciated. Many thanks.
